

Prevent COVID-19 spread in your workplace

COVID-19 is transmitted primarily through respiratory droplets or contact with contaminated surfaces. Work-related exposure can occur anytime at the workplace, during work-related travel to an area with local community transmission, as well as on the way to and from the workplace.

Wear your face mask properly

Avoid going to the cafeteria together

Ensure safe and proper use, care and disposal of face masks

Clean and disinfect frequently touched objects such as mobile phones, keyboards etc

Wash hands frequently with soap and water

Avoid touching your face

Avoid shaking hands

Stay home when you are sick

Cover your mouth when coughing or sneezing

Maintain proper physical distancing

Use of Arogya Setu app mandatory for all employees
