

Is your blood pressure high?

Not on medications yet?

Concerned about high
medication dose?

We are
researching
ultra-low dose
blood pressure
pills.

You may qualify if:

- You have high blood pressure
- You are currently not on medical therapy
- Can attend up to 5 visits over 10 weeks

All participants will receive:

- Free treatment for 10 weeks
- Free study related medical exams and tests
- Travel reimbursements

For more details, talk to

- Your participating GP
or
- Our Research team on
02 9845 9628 or email:
